All : Spring 2014 | Fall 2013 | Sprint 2013 | Fall 2012 | Spring 2012 | Fall 2011

1. Should be the multiple images uploaded in the About Me section of the BuddyPress Member Profile section. The images will transition from one to the other or can be selected with the three dots (5) in the top right of the image.

2. Clicking on Read More will take you to the full page of the student's portfolio.

3. Clicking on the (>) arrow advances to the next student in the list of students

4. Clicking on the X here will close the student profile preview and return you to the general home page view.

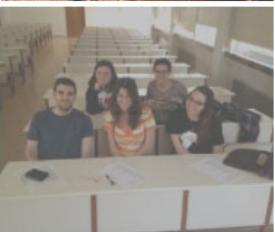

5. These dots represent the number of photos in a student's profile category.

[All](#) : [About Me](#) : [Deporte y Arte](#) : [Experiencia Académica](#) : [Reflexiones & Recomendaciones](#) : [T&S Spain](#) : [Website](#)

1. In the URL we need these portfolios to show up with the BASE_URL/GroupName/Member-Name-Separated-By-Dashes/ (i.e. <http://portfolios.tufts-skidmore.es/Fall-2013/John-Estudante/>)

When we go into the details for About Me, or Deporte y Arte we would add that to the end of the URL (i.e. ...2013/John\Estudiante\Deporte-y-Arte/)

2. The student's name will appear here
3. Clicking on here reveals above brief description of the specific category (see next slide). The images the student has uploaded to each of these categories will rotate here. Possible it only supports two images but if it supports more then we could rotate between them all.
4. When you mouse over any of these categories a dark overlay will appear with the written title of the category.
5. Like on the home page if you click on About Me it will only show the About Me thumbnail. There will be a total of 10 categories for each profile. The profile categories are: About Me, Academics, Sports and Art, Reflexions / Recommendations, ICDS, Internships, Family, My Experience, Future Plans, and Tufts-Skidmore in Spain. The last one might be a non-editable category so please consider this when designing.

CATEGORIES 6

1. This is the Category Name

2. This is the Student's first name

3. All of the text, images, formatting, columns, quotes, etc... that are found here are added using the rich text input box in the portfolio editor (see 3.0 - Portfolio Editor).

4. This is an image embedded in the Post section of the category.

5. This is using short codes from the theme to put in a CV with tabs.

6. On this side there will be two rows of 5 thumbnails which correspond to the other categories in a student / member profile. Clicking here will take you to the INNER page for the selected category.

7. Clicking here will take you back to the student's overall portfolio page.

This will be a custom profile field in the buddy press user profile but needs to support rich text editing in (TinyMCE? or <http://wordpress.org/extend/plugins/front-end-editor/>)

2 Public
Private

1

1. This can be the profile image for the member / student. We will upload a high enough resolution photo so it can be displayed here. We will also specify the dimensions of the profile photo so all the photos are of uniform size.
2. Switch to make a portfolio public or private. If the switch off the text should change to say Private and the switch will grey out (use jquery switch).
3. This is general profile info. This information will be only used by us programmatically and here but will not show up on the profile page or as a separate category.
4. The Semester check box will put the student into a group which is comprised on the semester and the year selected in the year dropdown (5) (i.e. if I select the Fall checkbox and the 2014-2015 year selector I will be added to the Fall 2014-15 group. If I select the Spring checkbox I will be added to the Spring 2014-15 group. If I select both I will be added to BOTH the Fall 2014-15 AND the Spring 2014-15 groups). This is super important as we will be displaying students using these groupings.

(Comentario cuándo decidi venir a España) "Lorem Ipsum is simply dummy text of the printing and typesetting industry. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged. It was popularised in the 1960s with the release of Letraset sheets containing Lorem Ipsum passages, and more recently with desktop publishing software like Aldus PageMaker including versions of Lorem Ipsum."

6. These are the precreated categories that will be created for every member. Each member will have a category called Student Info (#3 above) and then an additional nine categories of information (complete list will follow). Every category will (besides Student Info) will contain a Post field with a rich text editor (#7) which can include formatted text, short-codes from the Aware theme, images, and links. Anything that can be used in a post or page.

8. This category will probably not appear here. One category will be used to advertise the Tufts-Skidmore program and will not be editable by the student but will have the same format as the other categories and will show up on each student's list of categories in the same slot and with the same "About" inner page.

9. Images below the rich text editor will be the ones associated with the specific category (in this screen "About Me"). We will allow up to 4 images per category.

10. To eliminate a photo the user can click the X in the upper right corner. Users will be presented with a confirmation that the file will be deleted and then it will.

11. If possible I'd like to implement this with drag and drop file upload and again, we will specify a specific file size so we have uniform file printing.

12. There could also be a browse to upload button.

13. Saving of all the profile editing should EITHER be performed as people exit the field they are in (BEST CASE) or using the Save button (not best but OK).
